

Features:

High Speed HDMI/IR extender over a single Cat5/6
 Extend HDMI signals IR 165 feet (50m)
 24bit deep color
 3D Support 1080p@ 60Hz
 10.2Gbps video bandwidth
 True 1080p video and 7.1 high-definition audio
 (supports 480i, 576i, 1080i, 480p, 576p, 720p, 1080p)
 Supports DTS Digital including DTS-HD & Dolby Digital
 including Dolby True-HD
 Bi-Directional (IR) Infrared control
 Includes IR kit
 High speed HDMI 1.4 compliant
 HDCP compliant
 (high bandwidth digital content protection)
 Uses one Cat5e/6 IEEE-568B/or 568A termination
 Terminate connections with standard RJ45 jacks
 Kit includes send/receive Baluns, 1 Infrared repeater
 1 Infrared flashers & 2 power supply's
 24 Karat gold plated contacts
 Tough steel cases

Specifications:

Max Cat5/6 cable distance -165'/50m
 @1080p, 165'/50m
 Cat5/6 termination – IEEE568B/568A
 Max Video Resolution – 1920 x 1200
 Video in/out – HDMI Type A-19pin gold plated
 Vertical Frequency 50/60Hz
 Video bandwidth – 10.2Gbps
 Interlaced (50&60Hz) - 480i,576i,1080i
 Progressive (50&60Hz)
 – 480p,576p,720p,1080p
 HDCP - Compliant
 Bi-Directional Infrared (3.5mm Female in/out)

Includes:

1 x Infrared repeater
 1 x Infrared flasher
 2 x Power Supply's – 5Vdc 2A (UL,CE,FCC)

Dimensions:

Width- 3.25"/83mm
 Height - 1"/25mm
 Depth - 1.75"/45mm
 Shipping Weight 1.76 lbs (0.8kg)
