

Superior Ordnance Crews

Hornet Leader

8/2/12

Overview

This rule allows you to reclaim SO points spent on Ordnance that was armed, but not used.

Rules

When you select your forces at the start of a Campaign, pay 15/30/45 (Short/Medium/Long) SO points.

Example: You decide to play a Medium length Campaign. Selecting this option costs you 30 SO points.

At the end of each Mission, reclaim the SO points spent on any Ordnance counters that your Aircraft end the Mission with.

Example: At the end of an Iraq 1991 Mission, your Aircraft return with 2 AIM-54s (1 point each) and 1 GBU-10 (3 points). You reclaim 5 SO points.

Note reclaimed SO points on your Player Log.
