In this show the children are led on a Magical Quest by their guide, Pirate Mike, as we explore all the treasures of the Sea. They will meet Sammy the Seal and Polly the Parrot on this journey as well as learn about Sharks, Octopi, Fish and more. It is great fun plus a wonderful learning experience as well for the children as they discover “**The Treasures of the Sea**”

Scrub-A-Dub-Dub: The Magic Show that is FUN but also Teaches Kids How to Stay Germ Free

This magic show is full of safe, silly, and age-appropriate fun. And the best part about it is that it is a hygiene show designed to teach kids to stay safe and clean! It's been designed to follow the CDC guidelines, helping your little ones to understand how germs spread and how to prevent them from spreading.

Here's just a little of what the children learn during this 30-40 minutes of magic, silliness and fun:

Hand washing
Proper sneezing
Don't touch those holes in your head
Don't share drinks
The five-second rule has disappeared!

Using a combination of magic, story-telling, puppets, age-appropriate humor and interactive fun, I guarantee you the children will learn but have a great time doing so.
